Gentle Kind Eyes

INTRO

My story
Has to be told
This tale to unfold
Of gentle kind eyes

My heart
I'll open up wide
And pour from inside
For gentle kind eyes

CHORUS Though never knowing why
Trying not to cry
Heaven say goodbye
To gentle kind eyes
Please don't tell me lies anymore

BREAK

Heading out west
A new life begins
Far off from within
Those gentle kind eyes

Waking at night
I look to the skies
My search will go on
For gentle kind eyes

REPEAT CHORUS

REPEAT CHORUS
